The American Field Service Club supports the exchange program which provides opportunities for students from Housatonic to live with families abroad and enables students from abroad to live with families in the district's six towns as members of the senior class. The club supports the areas chapter through raising money, and holding activities which bring interested students together.

After leaving my family in Portugal I cried, and thought that I was not to make it. I even asked why I was doing it. Now it is with sorrow that I am writing this, because it means . . . " Teresa you're going back already, no more Housatonic, no more Mom and Dad, no more snow, skiing, peanut and fluff."

I learned a lot about myself, about the different customs, and people of the United States. The opportunity to travel to Virginia and Colorado to see the beauties of this country, and to meet people which makes me want to come back and visit.

I want to give thanks to the Bonds' for having me as a daughter and a sister, and for showing me the world a women has. I will never forget you.

I also want to thank with my heart full of love, the Lloyd's, my friends, Mrs. Lombardi and AFS for a wonderful year.

I love you and I'm waiting for an opportunity to show you my country.

In my orientation in Spain I remember a chaperon telling me, "your AFS experience will be a ocean of routine with little islands of having a good time." I'm pretty sure he wasn't in Connecticut. My experiences here have been something that will change all my future life. I had learned not only studying here at Housatonic, but everywhere. I have learned new customs, ideas, life styles which made this year one of the best in my life. This couldn't be possible without the love of a family, the Browns, and a community, Kent, that opened all its door to me.

Good luck to everyone in your future plans.

Typing . . . Layouts . . . Scalographs . . . Deadlines . . . Meetings, Meetings . . .

Many people do not know the tremendous work that goes into publishing a yearbook. Each year the staff begins with about 15 anxious students and concludes with about 4-5 hard workers. These students deserve your thanks. Yearbook staff involves evening meetings, deadlines, and taking work home. It is not something that can be done once a week for one hour.

I would like to publicly thank the following people for their extra help and support:

Theresa Dallis for the extra running around and the significant number of layouts she produced during the summer.

Anne Gomez for arranging extra pictures to be taken. Bret Erisson and Brian Carney for taking pictures.

Andrea Johnson and Chris Christant for the extreme load of typing.

Bunny McGuire for proofreading much of our material.

And also all those who honored our deadlines when materials or questionnaires were given out. It made our job easier.

THANK YOU ONE AND ALL. WE HOPE YOU ENJOY THIS PUBLICATION.

The 1982 White Oak edition is finally finished. It has taken a lot of time, and hard work to complete. I would like to thank the faculty and the community for their support. I hope when members of my class look back at the White Oak it will bring memories such as — Kent Falls, Spirit Week, Paco and Teresa, Athletics, our teachers, the Skully Chicken, and of course, our own Senior class. I hope everyone who sees this years yearbook will enjoy it, as much as the yearbook staff has by putting it together — Thanks.
